When it comes to greening your workplace and improving your environmental performance the workforce is critical. Money saving from resource efficiency is something every organisation can benefit from.

## » Event details

This half-day free event invites businesses to look at engaging with their workforce on resource efficiency and greening the workplace.

It will introduce you to Bristol case studies of workforce involvement and colleague to colleague engagement and ways in which your organisation can use the workforce to green your workplace.

Organised by the South West TUC in partnership with Bristol Green Capital this event is open to anyone from trade union representatives to managers wanting to get more of their colleagues engaged and involved in greening their workplace. The event is aimed at employees at all levels interested in saving resources. Lunch will be provided.
